

LANGSIDE SCHOOL

Langside is a local charity run special school for pupils aged two to 19 with profound and multiple learning disabilities and complex medical needs.

The school provides a full sensory and therapeutic approach to meeting the needs of the pupils and helps them to achieve their full potential, with nursing support in every class.

The school was established in 1959 and has a multidisciplinary approach to providing education and therapy support.

It has a nursing provision, a speech and language therapist, occupational therapists, physiotherapists, orthopaedics plus paediatric, dietician and orthotics clinics on site, ensuring the children do not miss a morning or afternoon at school due to appointments. Hydrotherapy is also offered on site.

The school receives statutory funding from local authorities or education authorities to help fund the people we support, some of the day-to-day running costs, staff and facilities.

The charity also applies for grants to support this, which contributes significantly. Fundraising and charitable donations are also vital for Diverse Abilities to provide non-statutory funded supported to children and adults with disabilities, and their families, to expand the services provided and to purchase necessary equipment.
